EXPANDED PROGRAMS — AVAILABLE NOW & ROLLING OUT

Hospitality Construction-to-Permanent Financing

FOR HOTEL DEVELOPERS · FRANCHISE OPERATORS · AAHOA MEMBERS

Ground-up and conversion financing for flagged hotel projects, managed end-to-end on LDX execution infrastructure: milestone-verified draws, automated lien-waiver exchange at every disbursement, and real-time transparency for borrower and lender alike.

Why LD Capital: we have financed hotels since our first deal — a \$5.7M Hampton Inn in 1996 — and our flagship SpringHill Suites by Marriott development in Helen, Georgia runs on this exact platform today.

SBA & USDA Lending + Federal Energy Incentive Packaging

FOR SMALL & RURAL HOTEL OWNERS · SMALL BUSINESSES

Our Loan Depot SBA franchise, now paired with a full federal-incentive analysis on every eligible project: solar investment tax credits for systems commissioned by the current statutory deadlines, long-runway battery-storage credits, USDA rural energy grants covering up to half of qualifying system costs, and accelerated depreciation planning coordinated with your CPA.

Why LD Capital: most lenders hand you a loan; we hand you the loan plus the incentive roadmap that can materially change your project's economics. Recent federal law changed many deadlines — our team tracks them so you don't miss what you've earned.

Restoration & Insurance-Recovery Lending

FOR OWNERS OF STORM- AND DISASTER-AFFECTED PROPERTIES

Bridge financing for restoration work paired with professional claim-documentation support: code-compliance analysis, valuation review, and organized evidence packages that help you pursue every dollar your policy owes — with construction draws released against verified milestones.

Why LD Capital: we rebuilt our own company out of the 2008 crisis by managing distressed hospitality assets for banks. We know recovery from the inside.

Private Commercial Real Estate Income Opportunities

FOR ACCREDITED INVESTORS · BY INVITATION

LD Capital is preparing a private program through which qualified investors may participate in professionally underwritten commercial real estate debt — the same asset class we have originated for institutions for three decades — administered with registered securities professionals and institutional safekeeping. Details will be available exclusively through official offering documents when released.

Register interest today and your relationship manager will contact you when the program opens. No commitment; participation limited to verified accredited investors under applicable securities regulations.

LD Capital Bridge to USA — EB-5 Investment Immigration

FOR INTERNATIONAL FAMILIES · GLOBAL INVESTORS

A guided path to U.S. permanent residency through the federal EB-5 program: an \$800,000 qualifying investment, professionally structured and administered, with LD FinMave supporting clients across India and global emerging markets around the clock.

Why LD Capital: we combine three decades of U.S. commercial lending with on-the-ground international service — one firm, both sides of the journey.

Talk to your relationship manager — or call us directly.
